

MEMORY MEETING

23rd to 25th of October 2017
Complejo San Juan. Sala Tabarca. Alicante, Spain

DAY 1 Monday

Morning

09:00 Introduction

09:30 **Richard Morris** (neuroscientist)
The making, keeping and losing of memory

11:00 Break

11:30 **Björn Brembs** (neurobiologist)
Multiple memory systems interact to trade off exploration and exploitation

Afternoon

14:30 **Laura Nuño de la Rosa** (philosopher)
Conceptual parallelisms between evo-devo and memory research

16:00 Break

16:30 **Justo García de Yébenes** (neurologist, writer)
Clinical features of memory disorders

DAY 2 Tuesday

Morning

09:30 **Rodrigo Quian Quiroga** (neurobiologist, physicist)
Borges and memory

11:00 Break

11:30 **Claudio Mirasso** (complex systems physicist)
Can anticipated synchronization reshape memory?

Afternoon

15:00 **Jordi Camí** (medical pharmacologist, magician)
& **Miguel Angel Gea** (magician)
Deconstructing a magic trick

DAY 3 Wednesday

Morning

09:30 **José Ignacio Latorre** (quantum physicist)
Quantum memory

11:00 Break

11:30 **Emmanuel Fort** (fluid physicist)
Memory of a wave driven droplet moving on a liquid bath

Afternoon

14:30 **Felipe Criado-Boado** (historian, archaeologist)
Memory in a jar

16:00 Break

16:30 **Mariano Sigman** (neuroscientist)
History of human consciousness
