

We are hiring!!!
Sensory Transduction and Nociception Group

A 3-year scholarship, starting September 16th 2023, leading to a PhD in Neuroscience is available in our research group (Sensory Transduction and Nociception) at the **Institute of Neuroscience in Alicante** (Spain).

<http://www.painchannels.com/index.php/about>
<https://in.umh-csic.es/es/grupos/transduccion-sensorial-y-nocicepcion/>

Upon successful PhD defense, the grantee would have the possibility of continuing as a junior postdoc for an additional year.
The fellowship is funded by the regional government of Valencia (Generalitat Valenciana) under the GRISOLIA Program

The project will look at the role of potassium channels in the modulation of chronic pain mechanisms, using optogenetic tools and photopharmacology.

Please contact me for further details.

felix.viana@umh.es

Thank you!

Necessary requirements include:

- a) A degree from a non-EU university.
- b) Having obtained the degree after 1 January 2018.
- c) Fulfilling the requirements for applying to a PhD Program in Spain.
- d) Knowledge of spoken Spanish or English.
- e) Not being in possession of a PhD.
