Instructions

GENERAL CONSIDERATIONS

Following the call it is mandatory to use the following format when filling the document: Font Arial (minimum size 11), single interlineal space, lateral margins of 2.5 cm and top and bottom margins of 1.5 cm.

Max. length of the whole document (Part A, B and C) cannot exceed two pages.

PART A. PERSONAL INFORMATION

Researcher ID is a unique identifier that consists of alphanumeric characters that enable researchers to manage their publication lists, track their times cited counts and h-index, identify potential collaborators and avoid author misidentification. It is hosted by Web of Science.

Access: Web of Science > My Tools > Researcher ID.

Author ID is a unique identifier that consists of alphanumeric characters that enable researchers to manage their publication lists, track their times cited counts and h-index, identify potential collaborators and avoid author misidentification. It is assigned automatically by SCOPUS. You can find an author identifier by running a search for that author. It will appear underneath the author details.

Access: SCOPUS > Author Feedback Wizard> Researcher name.

Open Researcher and Contributor ID (ORCID) provides a persistent digital identifier that distinguishes the researcher from every other person and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.

Access: www.orcid.org

A.3. Indicators of Quality in Scientific Production

Please add information on a) total number of publications (articles & reviews), b) number of publications in the first quartile (Q1), c) total number of citations, d) h-index, (to calculate a-d values, use default (Core) data collected in the Web of Science), e) PhD Thesis supervised, and e) any other indicators that you may consider relevant.

PART B. FREE SUMMARY OF CV *(Max. of 3.000 characters, including spaces)*

Describe briefly your scientific career, the main scientific-technical achievements, and the mid-to-long term scientific-technical interests and objectives of your research agenda. Indicate any other aspects that you may consider important to understand your career path.

PART C. ACCOMPLISHMENTS **(Order by typology)**

Given the limitations in number of characters, please mention the most relevant achievements sorted by the typology that best suits your scientific profile. Please be clear and avoid ambiguities.

Use reverse chronological order within each section. Limit your merits over the past 5 years, except for those which have an extraordinary importance for your CV.

C.1. Publications

Include **up to 6** more relevant publications.

For each article/review, please include authors in order of signature, year of publication, title of the article, name of the journal, volume, and start to end page.
If it's a book or chapter of a book, include its publisher and ISBN also.

C.2. Research Fellowships and Awards

Indicate the most important fellowships, contracts, grants and awards you have received, indicating a) the title, b) the start and end date, c) the funding agency/foundation/company, and d) for research grants/innovation contracts, the total amount.

C.3. Patents and other IPR

Indicate the most important patents and other intellectual property in which you have collaborated. Give a) the order of signing authors, b) reference, c) title, d) priority countries, e) date, f) holder entity and companies that are exploiting the patents.

C.4. Other academic/professional merits

Please include any other achievements that you deem necessary, such as for example: direction of works, participation in assessment or advisory tasks, membership of international committees, management of scientific activity, editorial boards, etc.
